

Determination of Effect to Cultural Resources

Culvert Replacement and Installation

Project Title

R2020011700017

INFRA Event Number

A cultural resource records search has been conducted for this project. Based on the project description a "*No Inventory Decision*" has been made for this project per stipulation V(A) of the North Idaho Cultural Resource Programmatic Agreement.

Rationale. Because of previous adequate inventory; or the type, location or nature of the undertaking - the Forest Cultural Resource Specialist has determined the above project has little likelihood to adversely affect historic properties. As a result, a *No Inventory Decision* has been made and the project may proceed.
